Hi Don,

I wanted to thank you for the great information you gave in your carry class.

The following Monday when I went to the Tablequah Sheriff's department. There were 6 other young men there trying to turn in their packets for their carry license. Out of the 7 total people there I was the only one with all of my packet filled out correctly and everything I needed to turn in there with me.

The deputy that took my information made a point to thank me for having everything in order and he wanted me to also thank my instructor for making sure that I was prepared. He was extremely pleased when I told him that I took my class thru Red Castle.

So Thank You again!! And thank you to Red Castle for the reputation that they have built among shooters all over green country.

Sincerely, M.D.

Don, I really enjoyed your class July 4. I feel that I learned a lot of very valuable information about types of handguns, shooting styles, defense, and most importantly, all of the legal ramifications. Thank you for being such an excellent instructor. I emailed my three kids and their significant others, and gave them your website. I read the pamphlet from Legal Defense Network this morning. K.N.

"It's a little late but we are still sending your way the same heartfelt thanks for all the fun at the Red Castle Gun Club Conc. Carry Class. in January. I truly enjoyed the stories, learning the law and even the shooting.

I commend you on your excellent theory and sense of humor! We had so much fun there. It was a family affair and made many memories.

I think what surprised me the most was the boot-shaking, truly scary moment the first time the row of guns exploded and were firing. I thought to myself this must be what it is like to be in combat. How scary for first time for our young men! I had to make myself concentrate on my shooting tech and the target to get thru the first firing.

Our sons are in Iraq and Afghanistan and I had much more empathy and sadness in my heart for them to have to be in combat every day of their lives. We went to Pawhuska to complete the paperwork last week so hopefully we will get the approval before June. Thanks again for making the class a blast. The props were great.

I am also interested in attending your female's defense class. Could you possibly give me her email address so I can contact her?

**Thanks,
P.G."**

**“Don,
Thank you for making the CCW not grueling. I found your class to be fun and educational at the same time and that is hard to do. So good job. I will tell my friends to come and see you. - R.T.”**

“We are still talking about how interesting and fun you made the class. ...we really enjoyed our evenings with you. Neither of us could see the sights on our weapons as we couldn't use our glasses with the safety goggles. Oh, well. Very frustrating. Thanks again. You are the best. - D&N”

“Very interesting news letter. You are a really good gun instructor and give a lot of thought to different points of view. I enjoy your Newsletter. Keep up the good work. - W.D.”

“Just a quick note to say thanks for the class. It was very informative and I learned a lot. Hope it keeps me from shooting myself in the foot. Plan to apply for Conceal Carry permit soon. - S.B.”

**“Thanks, Don!

“Hi Sherry !

I really enjoyed the class and felt I learn a great deal ! I have already recommended it to 3 or 4 people.

You & and Don work well together. The flow of the class was smooth and progressive.

Thank God you and Don both have great speaking voices that make paying attention enjoyable. Are you two in radio ?

“I would like to tell you how much we enjoyed your method of instruction. Your personal stories and experience really helped make the course fun and informational in a manner I could personally connect with. - M.G.”

”Hello Don,

I wanted to thank you again for the training class yesterday. I spent the remainder of the day yesterday reviewing everything that you taught from start to finish over and over again in my mind. I kept seeing more things revealed to me. Your class was exactly what I wanted it to do. It showed me where I need work, but that it is an attainable goal, and the seriousness of the responsibility of carrying a concealed weapon.

You have given me the tools and foundation to build upon to further my training. - M.W.”

“Thanks for providing training that I feel prepared me to accept the responsibility to have a CCP. My first class trainer was an embarrassment to the system and that became even clearer after taking your class. - J.W.”

“Enjoyed the class. It was very informative and professionally presented. I also learned that I need to practice my marksmanship with a hand gun.

I would like to receive you newsletter. Thanks again. – G.H.”

“Hi Don,

I wanted to thank you for the concealed carry class on Wednesday. Both myself and my girlfriend enjoyed it very much. We both learned many new things about gun safety and Oklahoma law. – C.C.”

“Hello, thanks for the class Monday, excellent instructor, when out today and tried the new stance , amazing improvement, you also cleared up a lot of legal myths. See you at the show. Again thank you. - R.S.”

“Don,

I would like to tell you how impressed both my wife and I were with your class. We both commented how well you did presenting material that otherwise would be hard to present. I mean it ain't the most interesting you have to admit. But we appreciated you and were glad we took it from you. – S.S.”

“Dear Don,

I can't thank you enough for your great instruction. You're an excellent teacher! I really do appreciate all the tips and pointers; as well as all the information you shared with me about guns, shooting, books, etc.

Thank you so very, very much. – P.H.”

”Don,

Your class was most rewarding in more than one way. The two main things I learned were that I need to get a gun safe soon, and that I will need to think situations through in order to protect my "grandmother" (as you used in illustration). My SF friend said that you have to place yourself physically between the assailant and the "grandmother" in order to easily justify a shoot-out.

Thanks again for your willingness to add me to your class at the eleventh hour! I am getting photos taken at Walgreen's tonight, and will finish filling out the OSBI application (found online as you said).

Let me know if I may be of any assistance in the future. In the future you will be highly recommended as an instructor, and I will be planning to sign up for your gun class soon. – R.M.”

”Don,

Picked up my conceal carry license today. Thanks again for your patience and instruction in the class. – D.D.”

”We just wanted to say thank you Don and Matt for an excellent and informative class and hands on training. The weather was perfect. Elaine said that her thumb is not as sore as she expected. We both appreciate your time, Patience and Kindness.

Also, in time we would like to get together with you for more practice and tactical shooting for defense. Do you also give self defense classes?

You all have a wonderful week and we will be back in touch. – P.Z.”
